essencial para toldos

Tecidos para toldos e persianas desenvolvidos e pensados na qualidade e estética.

São diversas telas modernas em cores e texturas que proporcionam uma atmosfera natural e equilibrada, controlando a luz e o calor do ambiente.

Nossas telas possuem uma entrada de luz com aberturas de 0,5 até 5% conforme a necessidade do ambiente, bloqueando a incidência de raios UV além de ser resistente a abrasão.

Proteção UV

Fácil Manutenção

Bactericida

Não propaga chama

Reciclável
